OUR STUDENTS ARE HAPPY...

"I can confidently go into any coaching session – all I need to do is to prepare my STATE and build CONNECTION with my client. I do not need to be familiar with the content, or prepare the right question. Just by being PRESENT, magically all the powerful and beautiful questions will emerge on its own.."

Mohammad H. Azmi, Class 1

"The best thing about FCS is that all students get real coaching clients to coach. We also get to practise with our peers in class with review by both our instructors and our classmates. You improve real quick with constructive feedback. You cannot beat experiential learning that you get at FCS"

S. De Costa, Class 1
